

## HIV ADVANCED (YEAR 2) PHARMACY RESIDENCY

### EVALUATION OF RESIDENCY PROJECT PRESENTATION

Project Title: \_\_\_\_\_

Presenter: \_\_\_\_\_ Date: \_\_\_\_\_

Evaluator: \_\_\_\_\_

Please rate the Resident's ability to present their research project and answer questions.  
(1 = poor, 3 = average and 5 = excellent)

| <b>Delivery</b>                                | <b>1</b> | <b>2</b> | <b>3</b> | <b>4</b> | <b>5</b> | <b>Comments</b> |
|--|----------|----------|----------|----------|----------|-----------------|
| Organization of material                       |          |          |          |          |          |                 |
| Eye contact                                    |          |          |          |          |          |                 |
| Enthusiasm                                     |          |          |          |          |          |                 |
| Pace   |          |          |          |          |          |                 |
| Delivered in time allotted                     |          |          |          |          |          |                 |
| <b>Content</b>                                 | <b>1</b> | <b>2</b> | <b>3</b> | <b>4</b> | <b>5</b> |                 |
| Appropriate amount of information presented    |          |          |          |          |          |                 |
| Understanding of research process demonstrated |          |          |          |          |          |                 |
| Presentation of background/introduction        |          |          |          |          |          |                 |
| Presentation of methodology                    |          |          |          |          |          |                 |
| Presentation of results                        |          |          |          |          |          |                 |
| Presentation of discussion/limitations         |          |          |          |          |          |                 |
| Appropriate acknowledgements                   |          |          |          |          |          |                 |
| Ability to answer questions                    |          |          |          |          |          |                 |
| <b>Slides/Handout</b>                          | <b>1</b> | <b>2</b> | <b>3</b> | <b>4</b> | <b>5</b> |                 |
| Slides uncluttered & easy to read              |          |          |          |          |          |                 |
| Use of pointer is natural                      |          |          |          |          |          |                 |
| Handouts add value to presentation             |          |          |          |          |          |                 |
| <b>Overall evaluation</b>                      |          |          |          |          |          |                 |
