

Provincial/Territorial Coverage of ARV drugs for HIV prevention across Canada:
Pre-exposure prophylaxis (PrEP)

	Alberta	British Columbia	Manitoba	New Brunswick	Newfoundland & Labrador	Northwest Territories	Nova Scotia	Nunavut	Ontario	Prince Edward Island	Quebec	Saskatchewan	Yukon	NIHB
For Pre-exposure prophylaxis														
Emtricitabine-tenofovir disoproxil fumarate (Truvada)	U	U	F/S	F/S	F/S	U	F/S	U	F/S	U	F/S	U	U	U

U: Universal coverage for all individuals with valid provincial/territorial health coverage living in the province, F/S: full or shared coverage based on the rules of the drug insurance plan

Notes:

Alberta	Provincial coverage (100%) is available if clients have valid Alberta Health Care coverage, meet clinical criteria, and receive a prescription for TDF/FTC from a registered designated prescriber. Clients may choose to use private insurance coverage or pay full cost if they do not get PrEP care through a designated prescriber.
British Columbia	Coverage based on specified clinical criteria – province covers 100% of cost
Manitoba	Coverage follows rules of provincial drug coverage plan (eg. no cost for those on social assistance, deductible for those on Pharmacare)
New Brunswick	Coverage is available through the provincial drug program and follows the co-payments of the plan
NFLD and Labrador	Coverage is available through the provincial drug program and follows the co-payments of the plan
NWT	Universal coverage with no clinical criteria
Nova Scotia	Patient must be enrolled to in the Nova Scotia Pharmacare Program and meet exception status criteria for coverage. Annual copayment and deductible maximums are set depending on a family's size and annual income:
Nunavut	Coverage is available through Extended Health Benefits for eligible Nunavut residents with a valid Nunavut Health Care card; access to medication not based on indication
Ontario	Coverage is available through the provincial drug program and follows the co-payments of the plan
Prince Edward Island	Requires approval from the chief public health office; if approved, PrEP is provided at no cost to the patient
Quebec	Coverage is available through the provincial drug program and follows the co-payments of the plan
Saskatchewan	No cost for generic TDF/FTC for all SK health insured patients
Yukon	Full coverage available to those with no private insurance
Interim Federal Health	As of April 1st, 2016, regular drug benefit list is determined by province or territory. Limited use, exceptional status, special authorization or restricted use medications require pre-authorization by IFHP. IFHP will use the same recognition criteria for prior approval and payment as provided in the provincial/territorial public prescription drug insurance plan.
