## HIV ADVANCED (YEAR 2) PHARMACY RESIDENCY

<b>logistics, support needed, etc).</b>	
---	--

### Resident instructions:

1. Please be succinct, this is a summary for RAC.
2. Identify 2-3 strengths and areas of improvement for each rotation completed (consider the domains of knowledge, skills, behaviour).
3. Identify 2-3 points on the rotation itself (consider rotation preceptor, structure, organization, assessment, activities etc).
4. List teaching including practice-based teaching activities completed (include formal and informal presentations) and other scholarly activities if applicable.
5. Provide status report on residency project, including current stage of work, identify any challenges/barriers to carrying out study, list next steps and proposed timeline.
6. Submit electronically to residency coordinators minimum of 5 business days prior to RAC meeting.
