

HIV ADVANCED (YEAR 2) PHARMACY RESIDENCY

MISSION AND VISION

MISSION

The mission of the HIV Advanced (Year 2) Pharmacy Residency Program is to graduate residents who are ready to function as advanced HIV practitioners within an organized health care setting in Canada, and who have the tools, skills and motivation to become educators, researchers and leaders in the profession.

VISION

Graduates from the HIV Advanced (Year 2) Pharmacy Residency Program will become recognized leaders in the field of HIV and role models for students, residents and pharmacists in Canada and beyond.
