

HIV ADVANCED (YEAR 2) PHARMACY RESIDENCY

RESIDENCY ADVISORY COMMITTEE SUMMARY REPORT

Resident name: _____

RAC meeting date: _____

Rotation Name & Preceptor	Resident Feedback on Rotation	Teaching/Other Scholarly /Leadership Activities
Self-reflection - strengths demonstrated, areas for improvement		

HIV ADVANCED (YEAR 2) PHARMACY RESIDENCY

Research Project Update	Current stage of project (e.g., proposal/REB/data collection/analysis/write-up)	Challenges/issues encountered/new developments	Feedback/suggestions/actions needed from RAC?	Next steps/timeline
Any other comments/suggestions on program (e.g., logistics, support needed, etc).				

Resident instructions:

1. Please be succinct, this is a summary for RAC.
2. Identify 2-3 strengths and areas of improvement based on rotations/activities completed to date (consider the domains of knowledge, skills, behaviour).
3. Identify 2-3 points on the rotation itself (consider rotation preceptor, structure, organization, assessment, activities etc).
4. List teaching including practice-based teaching activities completed (include formal and informal presentations) and other scholarly or leadership activities if applicable.
5. Provide status report on residency project, including current stage of work, identify any challenges/barriers to carrying out study, list next steps and proposed timeline.
6. Submit electronically to residency coordinators minimum of 5 business days prior to RAC meeting.
